

04.01.03 Variations from the prescribed programs of study

Description

04.01.03 Variations from the prescribed programs of study

In order to earn a Bachelor of Music degree, all undergraduates are expected to complete the degree requirements that are in place during their year of matriculation. Any exceptions to the prescribed programs of study must be approved by the department in which the requirement resides, as well as by the Office of Academic Affairs. Students must complete a [Waiver Substitution Form](#) and obtain the necessary approvals in order to document any such variations within their degree program.
