

## 04.04.02 Humanities/science electives

### Description

#### 04.04.02 Humanities/science electives

To ensure that the Humanities department fulfills the School's mission of complementing the college-level study of music with academic study in the liberal arts and sustained intellectual reflection, AP scores may earn a student advanced standing but, with the exception of double majors, no credit will be granted towards the Humanities and Science requirement on the basis of such scores. Note that the AP policies of departments in the College of Arts and Sciences vary; these policies apply only to degrees offered in the College and have no bearing on the Humanities and Science requirement for the Bachelor of Music degree at the Eastman School of Music.
