

04.08.02 Determination of class standing

Description

04.08.02 Determination of class standing

Transfer class standing is dependent on the applied/primary instrument placement, as determined by the department, as well as on music academic placement. The latter is determined by placement exams as well as by a review of all earned academic credit. The final decision about a student's class standing is made by the Office of Academic Affairs in consultation with the student's applied teacher.
