# EASTMAN SCHOOL OF MUSIC UNIVERSITY OF ROCHESTER Applied Music – Strings (Violin, Viola, Cello) Advising Worksheet

Students in the Applied Music – Strings degree may use this checklist to complete a self-assessment of their degree progress. A student can log into UR Student and access their academic history in order to fill this document out to determine if they're on track to graduate or see what remaining requirements they have left. Students can schedule a degree audit appointment with an advisor in the Office of Academic Affairs at any time to verify their degree progress and address any concerns or questions.

In order to graduate from the Eastman School of Music and the University of Rochester a student must complete a minimum of 120 credits. Specific degree program requirements may require more than 120 credits total, but a student must earn a minimum of 120. For the **Applied Music – Strings** degree, students should expect to earn 120 credits. Additionally, students are required to take a minimum of 12 credits each semester for a full-time status.

The following checklist lists out all of the requirements needed for earn a Bachelor of Music in Applied Music – Strings. For more details on each requirement, please click on the associated link in each category. Go to the end of this document for a <u>sample schedule</u>.

## Applied Music Lessons &

Semester 1 (4 units)

# Eastman Colloquium

EIC 101 (1 unit)

De	gree Recital	1
	ESM 201	

## **UNIVERSITY OF ROCHESTER**

#### Eastman Colloquium – EIC 101 (1 unit required)

Eastman Colloquium (EIC 101) provides first-year and new transfer students the opportunity to gather and learn more about the practical aspects of music and musical institutions as they begin their journey as students at the Eastman School of Music. The class format consists of presentations by a diverse array of guests, including Eastman faculty, staff, students, and members of the community. This is a required 1 unit course in the first semester of study.

### Applied Music Study - VLN/VLA/VCL 160 (32 units required)

All undergraduate students in the Bachelor of Music degree program will be assigned to a faculty studio for their applied music lessons. Every student receives 14 one-hour private lessons per semester in their area of applied study. In addition to weekly private instruction, students are required to attend and participate in weekly studio class every semester they are enrolled in lessons. Studios are comprised of all the students of a single instructor, inclusive of both undergraduate and graduate.

The course registration code for one-hour lessons is made up of the instrument code, the number 160, and the section number assigned for a faculty studio (i.e., VLN 160-1). Applied music study is worth 4 credits and students must register for applied lessons every semester for a total of 8 semesters and earn a total of 32 credits in order to graduate. Applied music majors are expected to complete a first-year, sophomore, and junior jury, plus a senior recital.

The instrument codes for strings are:

Violin = VLN; Viola = VLA; Cello = VCL; Double Bass = DBL; Guitar = GTR; Harp = HRP

#### Large Ensemble - ENS 100/200 (16 units required)

Students in Applied Music – Strings are required to participate in 8 semesters of large ensemble, a critical component in their musical professional development. Students may participate in a number of different ensembles throughout their time at Eastman but will register for ENS 100 (Instrumental Large Ensemble) in their first and second years and ENS 200 (Advanced Instrumental Ensemble) in their junior and senior years.

Seating placement for strings is determined by ensemble auditions at the beginning of each academic year. Ensemble registration is 2 credits and students must register for their large ensemble each semester for 8 semesters to earn a total of 16 credits in order to graduate. The listing of ensembles Eastman offers can be found on the <u>Ensembles website</u>.

#### Chamber Music - CHB 105/210 (4 units required)

Chamber music study is an integral part of the Applied Music – Strings program and requires students to synthesize many different aspects of their instrumental study: technical mastery of their instrument; ability to make informed decisions about interpretation based on theoretical and historical knowledge; development of effective rehearsal techniques and good interpersonal skills; the ability to communicate with an audience and to serve as an ambassador for classical music; and much more.

In the first two semesters of study, students in the strings department will take CHB 105: Introduction to String Quartet Seminar. After the first year, students are encouraged to form their own chamber music ensembles; however, for those who are unable to find groups or only have partial groups formed, the faculty will aid in completing and forming groups. Students are required to complete two additional semesters of chamber music participation after the first year of CHB 105. They must register for CHB 210 with the correct section for their instrument and follow the outline for <u>chamber ensemble placement and auditions</u>.

CHB 105 and CHB 210 are both 1 credit each. Students must complete a total of 4 semesters of chamber music (2 semesters of CHB 105 and 2 semesters of CHB 210) to earn a total of 4 credits in order to

### **UNIVERSITY OF ROCHESTER**

graduate. Students are welcome and encouraged to continue participating in chamber music after the minimum requirement is satisfied.

### Professional Electives - ENS 251/252 or MTL 285/286 (4 units required)

Students in the Applied Music – String program are expected to complete a sequence of two professional development courses. Students have the option of taking two sequential classes in orchestral repertoire (ENS 251 and 252) or string pedagogy (MTL 285 and 286) for a total of 4 units. Students will need to complete the sequence of two classes within one category in order to satisfy the requirement, though may choose to take the other sequence of classes for additional elective credit.

### Music Theory Core - 5 semesters of theory based on placement exam (19 units required\*)

All students must complete the core music theory sequence as part of the core curriculum for the Bachelor of Music degree. Students are expected to complete 5 semesters of written and aural music theory courses in an order determined by the music theory placement exam results, which they take prior to their first semester of study. A student may place into one of three tracks: Regular – Fundamentals, Regular – No Fundamentals, and Honors Theory. The requirements for each track are listed below:

1. **Regular – Fundamentals Track**: Students are required to take five semesters of written and aural music theory classes, beginning with a fundamentals course sequence in the fall semester of their first year and ending with an integrated written and aural theory class (TH 220) in the fall semester of their third year. This track requires a total of 19 credits.

Fall Semester	Spring Semester	Fall Semester	Spring	Fall
1	2	3	Semester 4	Semester 5
TH 100	TH 110	TH 120	TH 210	TH 220
TH 105	TH 115	TH 125	TH 215	

 Regular – No Fundamentals Track: Students are required to take five semesters of written and aural music theory classes, beginning with courses in the spring semester of their first year and ending with a topical theory elective course (TH 230) in any semester after they have completed the integrated written and aural theory class (TH 220) in the fall semester of their third year. This track requires a total of 19 credits.

Fall Semester	Spring	Fall Semester	Spring	Fall	Semester 6
1	Semester 2	3	Semester 4	Semester 5	or later
No Theory	TH 110	TH 120	TH 210	TH 220	TH 230
	TH 115	TH 125	TH 215		

3. **Honors Theory Track**: Students with advanced music theory knowledge may place into an accelerated music theory course sequence that requires only four semesters of written and aural music theory classes. This track begins in the fall semester of the first year and runs through the spring semester of the second year. This track requires a total of 16 credits\* instead of 19, and students must earn a minimum grade of B in each course, or they will be reassigned to the regular theory sequence.

Fall Semester 1	Spring Semester 2	Fall Semester 3	Spring Semester 4
TH 101H	TH 102H	TH 201H	TH 202H
TH 161H	TH 162H	TH 261H	TH 262H

## **UNIVERSITY OF ROCHESTER**

A student's theory placement is noted in their academic record and a student may not take these courses out of order or advance to the next semester of courses without successfully earning a passing grade in the previous semester courses. Any deviation or variation to the music theory core will be determined by the music theory department and noted in a student's academic record.

## Music History Core – MHS 121/122/123 (9 units required)

Three music history survey courses that trace the development of music from the ninth century to the present are required of all undergraduate students. These courses (MHS 121, 122, and 123) can be taken in any order for a total of 9 credits. Students may not take MHS in their first year.

## Music Theory or History Elective (3 units required)

In addition to the core music theory and music history sequences, students must complete a 3-credit music academic elective in either music theory or music history. These courses must be numbered 200 or higher and are usually taken after a student has completed their core requirements in music theory or history. A student is permitted to use TH 230 to count for this elective requirement as long as it is not *also* being used to count towards their music theory core curriculum requirement.

### Humanities/Science Electives (24 units required)

Students are expected to explore a diverse range of academic disciplines, develop strong intellectual perspectives, and be able to voice these convincingly through completion of the humanities and sciences elective requirement. This 24-credit requirement has two components:

1. **First Year Writing (FWS 121, 4 units):** Every entering student is required to complete a first year writing seminar in their first year of study. The first year writing seminar introduces students to college-level inquiry and analysis by focusing on critical thinking and academic writing. In individual sections, the discussion of literary, historical, philosophical, or art historical topics will serve as the basis for writing assignments.

**English for Academic Purposes Course Sequence (EAP 101 and 102, 8 units):** Students whose native language is not English may be required to complete a two-semester course sequence in order to fulfill their first year writing requirement. These two courses are structured to assist non-native English learners with collegiate academic writing and speaking skills, while also counting towards their overall humanities and sciences elective requirement. EAP 101 and 102 are each 4-credits and will count as 8 credits towards the total 24-credit overall humanities/science requirement and will fulfill the first year writing requirement.

2. Elective Courses (20 units): All students are expected to take a minimum of 20 additional credits beyond FWS 121 (or 16 credits beyond the EAP 101/102 requirement) of courses offered through the Eastman Humanities Department or in the School of Arts, Sciences, and Engineering. Each course must carry at least 4 credits and must not have a primary listing associated with the Departments of Music Teaching and Learning, Music Theory, Musicology, Institute for Music Leadership, and the Arthur Satz College Music Department.

## Piano Class - PCL 101/102/103/104 (8 units required)

All undergraduate students are expected to develop functional keyboard skills. The piano class requirement for applied music majors can either be satisfied by successfully passing a <u>piano proficiency</u> <u>examination</u> or by completing PCL 104. Students with prior piano experience will be invited to take a piano placement exam in the summer before their first year and will be placed into the appropriate course (PCL 101, 102, 103, or 104). Students who place into a higher level do not earn any credit towards their degree for the level(s) they placed out of. If students place into a higher level, they will not earn the full 8 units for this requirement and the unit total will be adjusted on their degree audit; however, all students

## **UNIVERSITY OF ROCHESTER**

are still held to the 120 unit minimum for a Bachelor of Music degree and may need additional elective coursework to meet this threshold.

#### **Degree Recital – ESM 201**

All applied music majors must present a full senior degree recital to a faculty panel of no less than three members of the department, including the student's applied teacher. The recital must include the performance of at least one work written in the last forty years. Students will receive an email from the Concert Office for entering a lottery in order to choose their recital date, time, and performance space. In the semester a student is presenting their degree recital, they must register for ESM 201.
