

*Eastman Organists' Community Concerts return for the 2024-2025 season.*

The Eastman School of Music Organ Department kicks off a new season of Community Concerts — short organ recitals by Eastman students as part of the department's ongoing initiative to bring outstanding organ music to the Rochester community. From October to April, students will perform in monthly concerts in local churches around Rochester, facilitating a musical connection between organists and the community beyond weekly Sunday services. Events are open to the public, and a free-will offering will benefit the Eastman Organ Department student travel fund.

The variety of instruments to be showcased throughout the series is interesting for performers and concertgoers alike. Since every pipe organ is noticeably different from the next, each program will offer a variety of sounds and colors that are sure to delight listeners. Come, hear what the 'King of Instruments' can do, played by the talented and hard-working students of Eastman!

Held monthly at various churches around Rochester, upcoming concerts will be posted on the Eastman School of Music 'Organ Events' webpage. Please refer to the link below for up-to-date info on location, times, and performers.
